STEM Summer Camp: Python
Business Card

Task: Write a program that displays an individualized business card.

Discussion: The program must run as follows:

```
$ python3 business-card.py
Enter your name: Guymon Hall
Enter your title (Lecturer/Student): Lecturer
Enter your department/major: Computer Science
Enter your email: guymon.hall@unlv.edu

Here is your official UNLV business card:

+-------------------------------+
|                               |
| Guymon Hall                   |
| Lecturer                      |
| Department of Computer Science |
| University of Nevada, Las Vegas |
| guymon.hall@unlv.edu          |
|                               |
+-------------------------------+
```
